May 2010

The figures below are based on actual recordings in Cowlitz County during the month of May 2010. The first column indicates the total dollar volume for each lender; the second column shows the number of loans per lender; the final column represents the average dollar amount of each loan. These columns do not include *real estate* contracts. Lenders with fewer than 3 loans are included in the miscellaneous totals. Loan totals reflect the actual lender named on the recording with the auditor's office. Therefore, lenders who broker their loans may have higher loan volume than reported herein.
